### FUNDING 101 FOR INTERNATIONAL STUDENTS

Wednesday, Nov. 17th 11:00—12:30 at Snell Hall 448

This is a workshop to provide tools and resources for helping reduce your expenses as you pursue your degree. We will discuss scholarships, searching databases for funding opportunities, employment, and career services. There will be presenters from ISFS, Career Services and the Valley Library.

## ATTENTION OSU WOMEN:

A student intern with the OSU Women's Center would like your input and opinions. Take this opportunity to provide information that could improve services for female international students! ## *Travel Signatures*

Traveling outside of the U.S. during the upcoming holiday breaks? Remember that you need a recent signature on your I-20 or DS-2019, and that we receive many requests this time of year.

Plan ahead and allow at least 5 working days processing time for your documents.

A new **Cross-Cultural Mentoring Program at OSU** will connect students with faculty/staff from across campus, to create a support network, and to provide a cross-cultural educational experience. Participation is **free**, and includes a one-day training on January 7th or 8th, a kick-off dinner on Jan. 12th, and regular meetings with a mentor/mentee throughout the year.
